

Weekly Project Status

Anticipated Construction for the Week of Monday, May 10, 2021

The purpose for the document is to provide a brief update on the anticipated weekly activities on the construction projects occurring in the City.

Project 20-07 –Curb Repair and Street Resurfacing

Contractor – MCC Construction, Inc.

Overall Project Description – Project involves spot sewer repair, curb and gutter repair, asphalt pavement milling and asphalt paving.

Weekly Update:

- Honeysuckle 4th Addition Subdivision off of Red Maple Road – **Asphalt paving is scheduled for this week.**

Project 20-08 – Main and Eighth Street Signal Upgrade

Contractor – Bodart Electric Services Inc.

Overall Project Description – Project upgrading the traffic signals at Main and Eighth Street. The traffic signals are being upgraded due to the deterioration and age of the existing signals.

No work will occur this week.

Project 21-01 – Sewer and Water Relay and Street Resurfacing

Contractor – Dorner Inc.

Overall Project Description – Project involves water main and/or sanitary sewer relay on the east side. Additional work includes spot curb and gutter repair, storm sewer work, and milling and resurfacing the asphaltic concrete pavement.

Weekly Update:

Construction of the Grant Street pedestrian bump outs at VFW Park and the high school is scheduled to start this week. There will be minor traffic impacts.

Project 21-03 – Sewer Lining

Contractor – Michels Pipe Services

Overall Project Description – Project involves internal lining of sanitary sewer at various locations around the City.

The majority of the work has very little impact during construction with trucks parked in the center of the street during lining. There may be a significant impact to Main Avenue for sewage bypassing during the 18" and 30" sewer lining. Future updates will be provided on this.

Weekly Update:

Sewer cleaning and televising will continue this week particularly on the 30" sanitary sewer north of Main Avenue

- Outward Avenue – 150' S/O Azalea Trail to Westwood Drive (8")
- South Sixth Street – S. Seventh Street to Lande Street (8")
- Wilcox Court – Fox River Drive to Termini (8")
- Smits Street – Ridgeway Drive to Lebrun Street (8")
- North Winnebago Street – 300' S/O Franklin Street to 300' N/O Fulton Street (8")
- North Washington Street – 300' S/O Franklin Street to 300' N/O Fulton Street (8")
- Irwin Street – Waubaunqua Trail to N. Washington Street (8")
- Armond Court Easement – Armond Court to Irwin Street (8")
- Waubaunqua Trail – Franklin Street to Ridgeway Boulevard (8")
- Lewis Street – S. Ontario Street to S. Superior Street (12")
- Apollo Way – Grant Street to Morning Glory Lane (18")
- 18" Sanitary Sewer Easement – 250' E/O Main Avenue to Main Avenue
- 30" Sanitary Sewer Easement/Alley – Main Avenue to Fourth Street

Project 21-05 – Sidewalk, Curb & Concrete Pavement Repair

Contractor – Sommers Construction Company

Overall Project Description – Project involves spot repairs of concrete pavements throughout the City as well as sidewalk repairs for the City's sidewalk program.

No work will continue this week. We will take this off of the update until the contractor comes back to the City.

Project 21-06 – Concrete Street Repairs

Contractor – Vinton Construction Company

Overall Project Description – Project involves the repair and rehabilitation of concrete streets throughout the City.

Construction on Broadway was postponed one week and is anticipated to start on Monday, May 10th with a concrete patch on southbound Broadway in the 900 block. The outside lane of traffic is closed for the work.

Project 21-20 – Commerce Drive Concrete

Contractor – Sommers Construction Company

Overall Project Description – Project involves concrete paving on the extension of Commerce Drive from the existing cul de sac to 500 feet south.

The only traffic impacts for the construction access to the new development on the east side of the street.

Weekly Update:

Concrete paving was postponed to this upcoming week.
